

Benjamin DALISSON

15 December 1988

15 avenue Emile Bertin Sans, Bâtiment A,
34090 Montpellier

Mobile : 0698917703

E-mail : dalisson.benjamin@yahoo.fr

Education

2012 - Today : Master 1 Chemistry of Biomolecules ; *University of sciences Montpellier 2*

2009 - 2012 : Licence degree in Organic Chemistry ; *University of sciences Montpellier 2*

2009 : University Degree of Technology in Chemistry (DUT) in University Institute of Technology in Sète (University of sciences Montpellier 2)

Work Experience

Mai to September 2012 : Internship in the *European Institute of Membranes (IEM)* in Montpellier, work on the synthesis and characterization of dynamic polymers for gas separation.

Science Project 2010 - 2011 : Synthesis and analysis of *4-methylumbellifer-7-yl- β -D-glucopyranoside* : bibliographical research, Synthesis, analysis.

February to April 2009 : Internship in the *Laboratory of Agronomic Chemistry* in Toulouse, work on the *Antirrhinum majus*, extraction and analysis of VOC, glycosides et monoterpènes, and correlation with speciation phenomena.

February to April 2008 : Internship in the *Federative Institute of Biology* in Toulouse, laboratory of Toxicology, work on the establishment and validation of extraction and analysis methods for 8 beta-blockers.

Summer 2004 to 2011 : Multiple seasonal works : Cooks, Lock keeper, fields works.

Skills

Formed to the uses of analysis devices : NMR, HPLC, GPC, TLC, Mass spectrometry, DSC, ATG, IR (ATR and transmission), RX.

Mastery of differents techniques of extraction and quantification.

Mastery of different softwares : Pack Office and Open Office, Chemdraw, IsisDraw, MestReC, Univesal Analysis, OmniC, UV6000, Brüker.

Fluent English, Basic Knowledge in German.

Activities

Sports : Swimming, Handball, Boxing.

Hobbies : Cooking, Role playing
